![BRADY - WHEN PERFORMANCE MATTERS MOST™]

BBP™30 Sign & Label Printer

The BBP™30 Sign & Label Printer offers hassle free printing and a wide range of durable signs for a small investment!

It is a peripheral printer system that prints monocolour labels and signs up to 101,6mm wide. With its easy to load consumables the BBP™30 Sign & Label Printer is a reliable tool offering entry level users simplicity and ease of use.

Smart Cell Technology on the printer materials ensures automatic label setup and calibration, making printing completely hassle free and eliminating waste. The automatic setup, ease of use and operation distinguish the BBP™30 Sign & Label Printer from its competitors. It is the best value for money for customers using a variety of materials and requiring frequent label material changes.

The BBP30 can print on a wide variety of label types, sizes and materials, making it ideal for safety and facility identification that can resist extreme temperatures, weathering, abrasion, cleaning processes and chemicals.

Label Making Made Easy

- Intuitive built-in features offer ease of use so anyone can print labels
- Ideal for a large variety of tough safety, lean and 5S signs and labels on-site
- Compatible with powerful Brady Workstation Label Apps for added versatility

Automatic Label Setup

- Printers read critical information from the supply cartridge and then automatically set it up so you can start printing immediately
- No more calibration or wasted labels, no print speed/burn temperature trial labels, no scrolling through screens to select a label and no wasted time setting up label dimensions or text size

20-second Material Changeovers

- "Drop in" ribbons and labels mean no complicated threading, assembling spindles, sensor adjustment or calibration steps
- You can get on with the job faster, giving you more time for other tasks

101.6 mm per Second Print Speed

- Fast processing time and print speed means you don't have to wait around for your labels

Brady Workstation

The latest in label creation software, Brady Workstation revolutionises the way you create labels on your PC. Instead of using a CD to upload label-making software on your computer, you simply download the Brady Workstation platform to your desktop and add the label-creation apps you want.
